SPIRITS COLLECTION

We dreamt of creating THE ULTIMATE ELIXIR... the spirit, that imbued with our mastery of wine, would become an iconic contribution to the world of distillation.

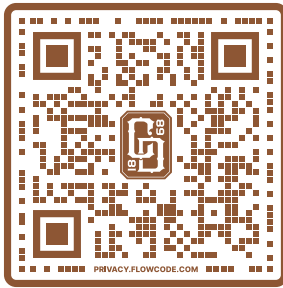

Our RAISON D'ÊTRE in the world of distillation unites Boisset's savoir-faire in wine with the art of distillation and aging. Through our centuries of experience in winemaking, we imbue the practice of BLENDING, TASTING, and FINISHING IN OAK CASKS to create refined, rare spirits of distinction. Creation is the Essence of Life... And distillation is our art. This is the BOISSET COLLECTION OF SPIRITS.
